

## Annex II: Logical Framework Analysis

**Note:** This initiative, entitled *Empowering Civil Society in Asia for Child Protection Advocacy* has as its overarching goal:

**To increase the accountability and commitment of ASEAN and SAARC to children’s rights, particularly the right to protection**

In order to reflect the different contexts within the two sub-regions – South and Southeast Asia- and the variance between the two regional bodies, two separate LFAs have been designed with more detailed information on the project specifics in the two regions.

### 1. Plan Asia Regional Office (ARO)
